

Help fight childhood cancer.

[Donate Now](#)

ALDI Customers,

Thanks to your generosity and the contributions of our employees, we have raised more than \$3 million for Alex's Lemonade Stand Foundation (ALSF) since 2019. Founded by Alexandra "Alex" Scott, the mission of ALSF is to end childhood cancer through impactful research, awareness and empowerment. It is a privilege to share that ALDI is not only pledging another \$1 million to ALSF this year but committing to bring our total donated to *\$10 million* by 2027.

Starting today, join us in the fight against pediatric cancer by [donating directly to ALSF online](#), or beginning June 15, purchasing lemon-themed ALDI Finds in-store. All donations will honor Alex's legacy by funding research for a cure or providing financial support to families who need to travel for treatment.

As a member of the ALSF Advisory Council, I've seen the empathy and energy with which ALSF works to make a positive difference in the lives of those affected by cancer. It's an honor to work with ALSF and you to fight this disease. Together, let's put the squeeze on childhood cancer.

Thank you for your continued support!

Dave Rinaldo
Co-President, ALDI U.S.
Advisory Council Member, Alex's Lemonade Stand Foundation
