

Type in your city and state or zip code

Click Find Stores

The screenshot displays the ALDI store locator application interface. At the top, a search bar contains the text "Batavia, IL". To the right of the search bar is a blue button with a magnifying glass icon and the text "Find stores". Below the search bar, there are two sections: "Store Features" and "Locations".

The "Store Features" section includes three toggleable options: "Parking lot" (checked), "Beer" (unchecked), and "Wine" (unchecked). Below this is the "Locations" section, which lists two ALDI stores. The first store is located at 451 N Randall, Batavia, IL 60510, 1.54 miles away. The second store is located at 975 E. State Street, Geneva, IL 60134-2410, 2.90 miles away. Both stores are listed as "Batavia Division".

Each store listing includes a "View Store Details" link and icons for parking, beer, and wine. The background of the application is a map showing the area around Batavia, IL, with several ALDI store locations marked with red pins. A red arrow points from the text "Type in your city and state or zip code" to the search bar. Another red arrow points from the text "Click Find Stores" to the "Find stores" button. A third red arrow points from the text "Locate your local store and select your division when prompted on the application." to the "Batavia Division" text in the first store listing.

Locate your local store and select your division when prompted on the application.
